Our coffees are roasted with care in Old Fields, WV by True Blue Coffee Roasters. True Blue guarantees that only the finest beans are used, and that each roasting order is given individual attention.

The coffees we offer are produced in regions where natural shade canopy trees provide shelter for the coffee plants as well as birds and other wildlife. Purchases of these coffees serve to give support to environmentally friendly coffee farms.

True Blue purchases and roasts only Organic Fair Trade beans. Organic coffee is produced under strict certification guidelines and is grown without the use of pesticides or fertilizers. Fair Trade coffees are produced on small coffee farms and guarantee a fair price for the farmers.

Roasted coffee beans from True Blue Coffee Roasters are from the mountainous regions of Central America, South America, Africa, and East Asia.
